Some additional areas where we may be able to help you optimize your Made2Manage® installation are:

Automatic Email Notifications – Would it be advantageous to have an email automatically sent to your customers, vendors, employees or sales force whenever some event happens in Made2Manage®, or to provide an automated status update.

Electronic Reports – By automatically making reports available through a web browser or by email, you can get needed information to the right people at the right time!

Online Stores – Could you more effectively sell some of your products or spare parts on the Internet? Save time, increase sales and improve customer service by automating the process!

Custom Reports – Can you easily get ALL the information you need from Made2Manage®? We can help!
